U. S. Citizens Leave Jordan As Sixth Fleet Sets Up Watch

By UNITED PRESS

The United States removed its citizens from Jordan-held Jerusalem Thursday and ordered the powerful Sixth Fleet into "precautionary" positions against a feared, imminent explosion of the mideastern powder keg.

In Washington, State Department Press Officer Lincoln White said that Jordan's "independence and integrity" were being threatened by international Communism.

In Jordan, King Hussein clamped martial law on the country, mobilized his loyal army and installed a solidly pro-western government to forestall a pro-communist coup against his throne.

Armored troop units took control over all key Jordanian cities.

Former Premier Ibrahim Hashen, a conservative and firm friend of the West, took over to form a new government after the mid-night resignation of Premier Hussein Khalidi. Khalidi quit in the face of leftist threats and violence.

Dispatches from the Israeli-held sector of Jerusalem said that all Americans, including diplomatic personnel, left the Jordan sector during the two-hour period when King Hussein's rigid curfew was lifted to permit residents to shop. As the young king fought to preserve his government against the leftist-led revolt, these were related developments:

Syrian president Shukri Kuwaty made a sudden flight to Cairo to discuss strategy in the Jordanian crisis with Egyptian president Gamal Abdel Nasser.

Reports reaching Beirut, Lebanon, said King Hussein had demanded the immediate withdrawal of all Syrian troops from Jordan.

Reports reaching Lebanon said former leftist Jordanian premier Suleiman Nabulsi, whose ouster

Incoming Freshmen To Face Language Requirement For Most B. A. Degrees

Montana State University was authorized at a recent meeting of the State Board of Education to require foreign languages in all departments of the College of Arts and Sciences except physical education, home economics, and secretarial home arts.

A knowledge of either a modern or classical foreign language is required for the degree of bachelor of arts in the College of Arts and Sciences, Business Administration, and Journalism. It will be included in the next catalogue, according to University officials.

The language requirements may be fulfilled in the following ways: by demonstrating a reading knowledge at the level of attainment expected of a student who has passed at least five quarters in a language; by taking three years of the language in high school and passing a test at the University; by taking two years in high school plus one quarter in the University; by taking one year in high school plus one year (three quarters) in the University; by taking five quarters in one language at the University; or by taking three quarters or equivalent in each of two foreign languages.

Six - Day WUS Fund Drive Opens Monday

Fund-raising fun will be the order on campus next week when the annual World University Service drive opens on campus Monday, Marcia Smith, chairman, said yesterday.

Personal solicitation will be a new feature of the drive, Miss Smith said. Solicitors will meet Sunday at 3:30 p.m. in the Lodge.

Other events will include the traditional Chinese auction, a dance, a car wash operated by University women, and an ugly pair contest.

Last year MSU gained national attention when Bill Todd staged a sit-out on the old Health Center, staying until the drive fund topped \$1,000.

Half of this year's proceeds will go toward helping a Hungarian student who has been assigned to MSU next fall quarter, Miss Smith said. The rest of the funds will go to the WUS national headquarters for distribution to foreign universities.

The WUS drive began earlier this week when living groups gave up dessert, with savings going to WUS. AWS also made contributions, Miss Smith said.

Former Kenton Sidemen Make Up Six-piece Band

"It should be made clear that the Kenton All Stars, appearing here May 2, are independent of Stan Kenton. The group is so named because every member of the six-piece band has appeared with Stan Kenton at one time," announced Tommie Lu Middleton, assistant director of the student activity facilities.

The All Stars will be playing at Bozeman for the MSC Junior Prom on May 4, according to the Montana Exponent.

Tickets are now on sale at the Lodge for the Kenton All Star dance and concert. Lanny Kenney, chairman of the dance committee, said the ticket price will be \$1 for students for the dance or concert and \$1.25 for others.

Home Economics Group Is Organized on Campus

A local home economics honorary, Beta Epsilon, was recently organized on campus, according to Janet Lemery, vice president of Home Arts Club.

Dixie Hepfl, Sally Jungers, Arlys Engdahl, Shirley Smith, and Miss Lemery were pledged into the organization at the annual Home Arts Club dessert Wednesday evening.

Jordanian Student Outlines Problems of Mid-East Hotspot

By JIM McKAY

The political future of Jordan will be decided in the next few days according to Attyeh Mahamoud, exchange student from Jordan.

Mahamoud began a two-year study period in the United States last September. Previously he studied biology for two years in Cairo and taught high school for two years in Jordan. During the crisis he has listened to about 15 news broadcasts a day from the various countries of the Middle East.

The Arab refugees from Palestine are without homes and jobs, he said. "They listen to the prom-

ises of their non-Communist leader, Nebulsi, and are faithful to him. They comprise about one-half of Jordan's population. If these people had employment, Nebulsi's support would vanish.

"The real Jordanians, not including the Palestinians living on their own land, are loyal to King Hussein. He and Nebulsi have about equal support.

"The refugees stage demonstrations, forcing business establishments to close. If the King called for help under the Eisenhower Doctrine, Nebulsi would call for help from Syria, which is backed by Russia. We don't want our country to become another Korea.

"The King's next move will be to declare martial law. He will be

Higham-Pettit Race Narrowest; Only One-third of Students Vote

By TED HULBERT

Student body confidence in Roger Baty, candidate for ASMSU president, was shown in yesterday's primary election as Baty took 402 votes to Dick Riddle's 259. Bill Williamson followed Riddle with 205. Baty and Riddle will enter the final contest for president in the May 2 general election.

Approximately one-third—869 students—of eligible voters cast ballots. In last year's primary 836 votes were cast.

In the race for vice president, candidate Cara Boggess polled 469 votes to write-in candidate Earl Lory's 294.

Bob Higham took a small lead over Larry Pettit in the business manager contest. The vote was 431 to 424.

Sue Williams and Portia Breitenstein will compete in the general election for ASMSU secretary. Miss Williams polled 381 votes, Miss Breitenstein 312, and Christine Fairbanks 194.

All six candidates for senior seats on Central Board will have a chance to campaign for C-B positions in the general election, since three delegates must be chosen.

Camp Committee Seeks Applicants

More applicants for Leadership Camp are needed, said Larry Pettit, co-chairman of the camp committee. Application blanks are available at the Lodge main desk, and must be turned in today to the desk or to any committee member.

The committee will interview applicants starting April 29. Any freshman, sophomore or junior may apply.

Eighty students are expected to participate in the camp which will be held May 25 and 26 at West Glacier. The purpose of Leadership Camp is to make the student aware of the problems of the University and his responsibility in solving those problems.

Members of the committee are Stan Nicholson, Sheila Lacy, June Bowman, Judy Orcutt, Gary Beiswanger, Ken Robison, Joann Philip and Pettit.

HONDURAS INVADED

TEGUCIGALPA, Honduras (U)—Nicaraguan National Guard troops have invaded Honduran territory near the Caribbean coast today, advancing to the left bank of the Cruta River, well inside Honduran territory.

Fulbright Grant Awarded to Jesse Bier To Lecture in Two French Universities

Dr. Jesse Bier, assistant professor of English, has been awarded a Fulbright grant for 1957-58 to lecture in the French Universities of Lyon and Clermont-Ferrand on American literature, the U.S. Department of State has announced.

Under the Fulbright Act, this program is supported by certain foreign currencies or credits owed

to or owed by the U.S. Treasury. In 1955 Dr. Bier joined the MSU faculty, after previous teaching experience at the University of Colorado. He received a B.A. from

Yesterday's vote showed Sheila Lacy in the lead over other senior delegate candidates with 136 votes. Robert Palin had 133, Charles Content 96, Donald Oliver and Ernest Alevizakes both 84 and Tom Fleming 55.

Peterson Leads Juniors

Greta Peterson, Bruce Swarens, Bill Crawford, Merrill Evenson, Howard Vollmar and J. E. Armstrong will vie for the three junior seats open on Central Board. Miss Peterson had 98 votes, Swarens 95, Crawford 93, Evenson 73, Vollmar 69 and Armstrong 64. Also-runs are Steve Gerdes with 57 votes, Dick Josephson 55 and John Dixon 32.

Four freshmen will compete for sophomore C-B seats. They are Gary Beiswanger with 87 votes yesterday, Rich Martin with 81, Sid Shrauger with 74 and Jake Braig with 72. Defeated candidates are Judith Blakely with 65 votes, Howard Hansen with 49 and Carol Snelling with 37.

Amendments Uncertain

Constitutional amendments received approximately a two-thirds approval, although this does not necessarily mean they have a large enough vote for adoption, according to Bruce Cook. Cook said the exact vote on each amendment would have to be checked against the number of eligible voters.

Exact numbers of votes on the amendments were not available late last evening.

Voters failed to show the sense of humor witnessed in last year's primary election, when seven votes were cast for non-existent candidate John Tittleman.

The single touch of humor came from one wit who endorsed Mr. Magoos as business manager by write-in.

Ike Asks for Legislation To Curb Labor Rackets

AUGUSTA, GA., (U)—President Eisenhower, after a conference here with Secretary of Labor James P. Mitchell, called on Congress yesterday for new legislation to eliminate labor racketeering.

The President called racketeering in the labor movement "an abomination which must be eliminated."

Egypt's Press Blasts U. S. On Canal Issue

CAIRO (P)—Egypt's press today criticized the United States for taking the Suez Canal issue before the United Nations Security Council.

At the same time, informed sources expressed conviction that the U. N. deliberations would bring no change in Egypt's plan for operating the vital waterway. The sources expected full support from the Soviet Union in the council meeting.

President Gamal Abdel Nasser received Soviet Ambassador Evgueny D. Kisselev last night, shortly after Egypt published the terms of its plans for operating the canal. The Russians have been kept informed of all developments in the Suez Canal talks between American and Egyptian officials.

Publication of the plan set the seal on Egyptian determination to operate the canal alone, without internationalization, sources said.

The Cairo newspaper "Al Akhbar" said Egypt's declaration brought the nine-month controversy to an end.

"U. N. circles believe all possible guarantees from Egypt concerning freedom of navigation and management of the canal have been obtained," it said.

The newspaper had strong criticism of the American decision to revive the Suez Canal dispute in the U. N. Security Council. The council will meet tomorrow.

In view of the fact that normal navigation is resumed through the canal, it was contrary to common sense that some states should attempt to complicate the Suez issue," the newspaper said.

Annual TKA Meet Slated Next Week For MSU Campus

The Eleventh Annual Northwest Tau Kappa Alpha intercollegiate speech tournament will be held here May 2 through 4, according to Ralph Y. McGinnis, director of Forensics.

Competition will be offered in debate, oratory, extemporaneous, and oral interpretation. Because the tournament has grown steadily in size, the 1957 tournament will offer separate men's and women's divisions, according to McGinnis.

An entrance fee of one dollar will be charged each contestant in each speech event. Tickets to the banquet next Friday night will be \$1.50.

Visiting professors will act as judges. MSU faculty members may also be asked to serve as judges.

Tentative reservations in Missoula hotels have been made for 350 contestants and coaches. About 30 colleges are expected to enter, according to McGinnis.

Students Sought For Part-time Jobs

Mrs. Betty Gordon, of the Student Employment Service, said yesterday that there is an urgent demand for students who want to do part-time work.

According to Mrs. Gordon, the Superintendent of Schools at Belfry will be here tomorrow to interview prospective teachers. The departments that are open in the school are Mathematics, Science, Music, Coaching and Social Studies.

She asked interested students to contact her for appointments to see Mr. Dickson.

Phi Kappa Phi Chooses New Members at Meeting

Phi Kappa Phi, national scholastic honorary has selected new members. The selection, on scholarship basis, will be announced later this spring, according to James Beadle, student president.

Dr. Robert T. Turner was chosen chairman of a committee to pick the outstanding sophomore who will be eligible to win the Phi Kappa Phi \$100 scholarship.

The honorary's initiation banquet will be June 7 in the Lodge. The scholarship winner will be honored at that time.

RICK CHAMPOUX'S

Two-cent Thoughts

The gripe of the week comes from the administrative staffs of the residence halls and concerns their having to take second place to other organizations on campus when it comes to deciding who gets what function dates. Salt is added to the wound though, they claim, when they have to relinquish their set date numerous times during the quarter when other groups decide they would rather have their functions on a residence hall date.

A rumor going the rounds concerns seniors having to take final exams spring quarter starting next year. Imagine if you will, a senior with a double major having to take a foreign language reading exam, comprehensives in both fields, honor exams and finals. A duck can go all season and evade the guns of the hunters but it only takes one shot on the final day to get him.

A word of advice to the new Central Board whoever they may be, "A little thing done is worth more than all the big things planned."

Remarks from the populus on signs of better things to come:

"Eisenhower has only three more years to go."

"Grass on Maurice when we return next fall quarter."

"Higgins Cowpath is due for its annual patchjob."

A recently heard quip: "The faculty's attitude toward the students here is similar to a southerner's attitude towards the Negroes; they like us individually but can't stand us collectively."
